

IHS - Aptelligence Competition

Rules & Regulations:

- Only fresh graduates and final year students can participate.
- This will not be a group competition; therefore each participant will work alone.
- All participants should bring their Laptop, charger, Android phone (Version 4.1 Jelly Bean to 6.0 Marshmallow) and USB cable for debugging.
- It is recommended using at least version 4.4 KitKat to score better in UI design section.
- Android Studio or Eclipse, SDK, JDK and other pre-requisites should be pre-installed on the computers. No additional time will be granted for configurations.
- Competition will begin at 9:00 and will end at 10:30. Participants are advised to come earlier to set up computers.
- Evaluation criteria will include completion of objective, code quality, UI design, compatibility and speed.
- No time or resources will be granted in case of hardware/software crashes. Participants should have a backup plan.
- Decision by the judges will be final.

Winning Prize:

- Winners will receive **Tech Gadgets** by the company.
